

Ladder and Stepladders User and Inspection Combined Course Overview

Course Level

User and Inspector

Who Should Attend

The Ladder Association User and Inspection course is designed for any person whose duty is to use, inspect and maintain ladders in the workplace.

Course Aim

This Ladder Association User and Inspection course means that upon successful completion delegates will have an understanding of;

- When it is right to use a ladder or stepladder
- How to select and safely use ladders & stepladders
- The law / standards relating to ladders & stepladders
- Hazards in the use of ladders & stepladders
- Safe storage and handling of ladders & stepladders
- When it's right to inspect a ladder or stepladder
- How to carry out a detailed visual inspection, record faults and what to do if faults are found

Certification

Upon successful completion of this course, each candidate will receive a Ladder Association certificate and Ladder Card which is valid for 5 years. The certificate will be issued digitally unless a hard copy is requested and the Ladder Card is issued in a hard copy format.
